Dear John:

It is my pleasure to forward the enclosed final payment and to again thank you and your staff for the superb handling of the purchase and fitting out of my Aviat Husky (N37AW). It has been a complex and challenging project, the success of which can only be attributed to your professionalism and great personal integrity.

As you know, the plane remains in St. Paul pending some avionics repairs. Upon completion of these, I will again visit Wipaire and bring the Husky home to Virginia. As I have several business obligations in Michigan, I hope to stop in Sturgis and show the plane off to you.

Until then, I remain,

Sincerely,

A handwritten signature in cursive script that reads "Mike".
